2nd World Ikkaido Celebration for people with and without disabilities

Dear Presidents of National Federations, Secretaries General, Athletes, Coaches, Instructors, Officials, Judges and Friends of Karate

On behalf of World Fudokan Federation we have the greatest honor to invite you and all national federations to the 2nd World Fudokan-Ikkaido Karate Championship for people with disabilities for Children, Cadets, Juniors, Youth, Seniors and Veterans to be held on Saturday, 2nd, November 2018 in Sindelfingen, Germany.

Fudokan is a big family. Please motivate your disabled people to join our family and be a significant part. We want to offer them a platform where they can show their ability and perform their karate.

Ikkaido first should be a celebration for them. Please, give them a chance of being included in the championship.

First, - like a celebration - they demonstrate their kata and, if necessary, they can be assisted by another karateka or coach (e.g. blind ones). The kata is free and they will be awarded with a special Ikkaido medal.

Second, - like a inclusive competition - they perform an team kata inclusive together with karateka with no disabilities against another team. Then their team performance will be judged.

Hope to see you at Sindelfingen with your athletes.

Sensei Karl-Hans König

7. Dan, Germany

Responsible for Ikkaido-coordinator within World Fudokan Federation

What Wikipedia says about disability:

A disability is an impairment that may be cognitive, developmental, intellectual, mental, physical, sensory, or some combination of these. It substantially affects a person's life activities and may be present from birth or occur during a person's lifetime.

Disabilities is an umbrella term, covering impairments, activity limitations, and participation restrictions. An impairment is a problem in body function or structure; an activity limitation is a difficulty encountered by an individual in executing a task or action; while a participation restriction is a problem experienced by an individual in involvement in life situations.

Disability is thus not just a health problem. It is a complex phenomenon, reflecting the interaction between features of a person's body and features of the society in which he or she lives.

WFF-Ikkaido rules for people with disability

Article 1: Official Clothing

Competitors and their responsible persons must wear an official uniform (Karate Gy).

Article 2: Competition Field

1. The competition field must be suitable for people with disability and equipped in such a way that dangers are excluded.
2. The competition field must have a sufficient size, allowing to perform the forms without any problems.
3. To ensure a smooth presentation of the forms a stable, plain surface is required. Usually mats for tournament are suitable.

Article 3: The Organization of Kata Competition

1. The choice of a Kata is free, it **should be from Shotokan or Fudokan, but can be from other styles**.
2. It is up to the organizer, to merge groups because of low participation. The competitors or responsible persons are expected to be part of the decision, which is to be made in the interest of the athletes.
3. The single competitions consist of single **presentations**, which are separated according to gender.
4. It has to be distinguished between standing and seated groups. Furthermore it has to be distinguished according to the degree of disability (up to 50%, from 50% to including 70% and from 80% to 100%).
5. It is possible, not to differentiate the degree of disability within the groups. The Kata presentations will be evaluated with flag system. At the end the participants with the lowest degree of disability (from 50% to 70% including) will get subtracted from their total evaluation. At the end of the match the best presentation will be announced.

Article 4: Jury Committee

1. For each round, the jury (5 judges) will be appointed from the chief judges or from the ground / mat leader.
2. The judges of a kata competition should not be from the same nation, national association, district or club as one of the participants, as far it is possible.
3. In addition, administrative persons for the evaluations and announcers or speakers will be introduced.

Article 5: Decision Criteria

Kata has to be performed with competence. A clear understanding of the traditional principles which are included in the kata must be visible. When evaluating the performance, the judges have to take into account any restrictions by each individual disability and have to pay attention to:

- a) A realistic demonstration of the meaning of the kata
- b) Understanding of the used techniques
- c) Timing, rhythm, speed, balance, charm and strength application
- d) Correct, adequate respiration for the performance of the techniques
- e) Right focusing on the attention and the concentration
- f) Correct positions with right tension in the legs, excluding e.g. wheel chair drivers
- g) Adequate body tension, e.g., in the lower abdomen
- h) Correct performance of the techniques of the demonstrated style
- i) The realization should also be valued in respect to other criteria, such as the degree of difficulty of the shown kata.

Article 6: Realization of Competitions

1. The appearance of "disabilities" are so complex, that it seems impossible to satisfy all kinds of disabled athletes with their individual competition rules. The WFF Ikkaido competition rules are flexible to use. Competition rules for „people with disability“ differ primarily from general competition rules by restrictions with the repertoire of forms, because the physical or the mental conditions according to the kind and degree of disability of the individuals are extremely different.
2. With reasonable doubt about the restriction due to the disability of the participant, it is up to the organizer and in agreement with the competitor or the responsible person, to withdraw the participant from the starting list. This means that competitors which are able to perform according to general competition rules, don't have to be evaluated according to this set of present rules. Decision should be made in the interest of the athletes.
3. This form set of rules was created to allow people with disability to measure themselves in competitions in the area of the Martial Arts in terms of inclusion. The set of rules should be available not only to everybody who is organizing inclusion competitions, but it is appreciated to initiate further competitions for people with disabilities. The only condition is, that prior to the distribution, permission is granted.

Statement

These rules are under ongoing development and can change from event to event. They are made to enable our disabled people to show their abilities and not their disabilities. If it is necessary we change the rules according to the needs of our disabled and not for a better performance or a higher level within the competition. Please help us to improve the live and the acceptance of disabled people.

Tamashewari competition categories

There are 3 different Tamashewari competitions:

1. Shikara Tamashewari

meaning:
Shikara = Power
Tamashe = Soul
Wari = Breaking

力

The classical tamashewari competition in Fudokan. The athlete breaks the number of wooden boards fixed in the Tamashewari Holder.

Strong power is necessary.

2. Hikari Tamashewari

meaning:
Hikari = Light beam
Tamashe = Soul
Wari = Breaking

光

The athlete holds his hand open (Shuto) with direct contact to the wooden board and break it without stike out. The board is breaking by closing the fist and hitting at the same time (e.g. one inch punch of Bruce Lee).

Good technique and kime is necessary.

3. Karawari Tamashewari

meaning:
Karawari = Empty strike
Tamashe = Soul
Wari = Breaking

空

The athlete breaks the wooden boards while the boards are not fixed and hold by two fingers in the air.

High acceleration is necessary.

4. Grand champion of Tamashewari

will be awarded with a special price if an athlete wins all three tamashewari competitions.

General rules

Every athlete is competing Tamashewari on his own risk. He must be sure to do Tamashewari without hurting himself.

In Tamashewari competition there is only one chief judge, who checks the boards and the right fixation in the holder before starting.

The wooden boards have a square of 30 x 30 cm and have a thickness of 2,5 cm. Only boards stamped with Fudokan logo are allowed for competition.

The boards are fixed in the Tamashewari holder, which is fixed by two or more strong man.

Tamashewari is scored by the number of broken boards.

A Tamashewari blow is done with Tsuki waza like seiken tsuki, tate tsuki or ura tsuki. It can be performed as Kage, Kizami, Gyaku or Oi Tsuki.

Tamashewari age categories

The tamashewari competition categories in male and female are:

Juniors	16 to 21 years
Seniors	21 to 34 years
Seniors older	35 to 49 years
Veterans	50 years and older

Procedure of Tamashewari competition

All athletes line up and bow to the chief judge. Then he announces the categories, the number of athletes and the order of starts.

Female competition starts first with one wooden board, male competition with two boards.

Every athlete choose his board(s) from the staple and bring them to the chief judge, who controls the quality of the boards and afterwards the right positioning of the boards in the holder.

Beginning from the round with three boards the board holder is fixed by two strong man.

After the blow the athlete took his broken boards and bring them to the staple of broken boards.

Not broken boards from fails are taken out of the competition.

Tamashewari Competition Rules

Females competition starts first with 1 board, males starts competition with 2 boards.

Every athlete has 2 trials, if he don't break the board in first trial he is free to try it once again. If not, he fails and number of trial before is counted. If he breaks the board in the second trial, he goes to the next higher round.

If all athletes of a category breaks e.g. two boards, no matter of first or second trial, it comes to the next round with tree boards, after that with four and then five boards, etc..

If an athlete is unable to break the number of boards of the round (first and second attempt), or if he wants to stop, he is out of competition and the other athletes can go on to increase the numbers of boards.

If all athletes decide not to go on to the next round and try the next number, this round is scored as the final one. If only one athlete try the next higher number of boards and fail, the round before is scored as the final one.

Tamashewari Scoring

In the final round (e.g. with 4 boards), the athlete who brakes the board in first trial and the other athlete fails and needs a second one, the athlete with one trial is scored first place, the other second place. The athletes with only 3 boards are third, the one with 2 boards are 4th place.

In Tamashewari its possible that there are 2 or more first, second or third places.
